FISCAL NOTE

SB 3263 - HB 3787

March 6, 2006

SUMMARY OF BILL: Expands the authorized investment options available to utility districts.

ESTIMATED FISCAL IMPACT:

Other Fiscal Impact – Expansion of the investment options for utility districts could potentially result in greater or lesser returns. Such expansion may also reduce the risk associated with their investments by broadening the spectrum of their investment portfolios. However, any change in utility district revenues associated with such changes cannot be quantified due to the uncertainty of financial markets.

Assumption:

• Utility districts will not incur more risk in their investment portfolios due to the expansion of their available investment options.
